## I. ECONMATH CONFERENCE

### *Current research trends in economics and mathematics*

Dear Colleagues!

As a first edition, on 19<sup>th</sup> September 2025, the Department of Business Administration, Sf. Gheorghe of the Faculty of Economics and Business Administration, Babeş-Bolyai University, organizes the conference entitled **ECONMATH – “Current research trends in economics and mathematics”**.

The current economic challenges require an intensive interconnection between various research fields, involving a wide range of expertise from academics, researchers and practitioners.

The primary aim of the event is to provide a space for inspiring and constructive discussions of current research topics in economics and mathematics, with the hope of finding efficient solutions to different economical and mathematical problems, and strengthening the relationship between researchers with different research profiles. The multidisciplinary character of the conference is expected to provide a unique opportunity for researchers and practitioners to come together and share new ideas, identify and formulate challenging research problems and thus establishing fruitful collaborations for the future.

We are looking forward to seeing you at our conference.

Best regards,

On behalf of the Organizing Committee,

Árpád BARICZ, Alexandru KRISTÁLY, Tünde SZABÓ
